9TH NATIONAL WORKSHOP ON BASIC STATISTICAL METHODS IN MEDICAL RESEARCH

24-26 MAY 2010

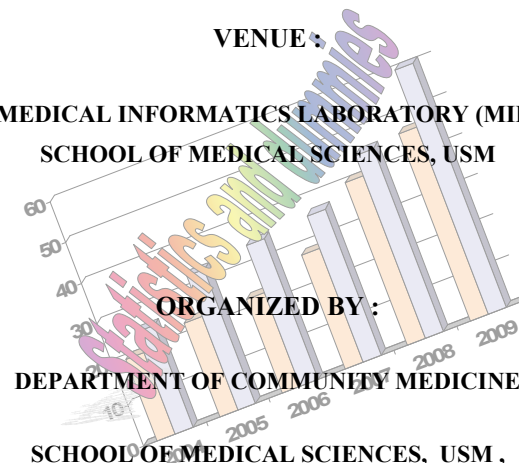

VENUE :

MEDICAL INFORMATICS LABORATORY (MIL)
SCHOOL OF MEDICAL SCIENCES, USM

ORGANIZED BY :

DEPARTMENT OF COMMUNITY MEDICINE

SCHOOL OF MEDICAL SCIENCES, USM,
KUBANG KERIAN, KELANTAN

INTRODUCTION

The 9th National Workshop on Basic Statistical Methods in Medical Research will be intensively carried out over three days, integrated with epidemiological methods and hands on experience using SPSS software. It will be conducted by experienced members of the Department of Community Medicine, School of Medical Sciences, Health Campus USM, Kubang Kerian, Kelantan.

This workshop is relevant for clinicians, post-graduate students, trainee lecturers, medical officers and other personnel working in hospitals and health offices.

WORKSHOP CONTENTS

Topics that will be covered in this workshop:

- Descriptive statistics
- Inferential statistics
- Numerical data analysis
- Categorical data analysis
- Correlation & regression analysis
- Diagnostic test and simple logistic regression
- Sample size calculation and determination

The workshop will be conducted through a series of lectures and hands-on computing using SPSS software.

WORKSHOP FEE RM450.00

Deadline for registration & payment is 17 May 2010

CANCELLATION

Notice of withdrawal must be given at least 2 weeks before the commencement of the event. Failure to do so will result in your organization being billed for the registration despite “no show”. No refund of fees will be made for any cancellation or “no show” participants.

Substitutions are acceptable in writing to the organizer not later than 17 May 2010
